My Fellow Republicans,

It has been an honor and a pleasure to serve as NCRCO President this year. County officials have a lot to do in the next four months to elect Republicans at all levels. With John McCain at the top of the Republican ticket, we have a leader that we can believe in.

The November election will determine the future course of our country. We need a leader that we can believe in. John McCain is that leader with a record of problem solving and putting the taxpayers' interests above special interests.

This has been an exciting year for me with a visit to the White House for a Christmas reception; a self-guided tour of the White House; RNC Chair "Mike" Duncan as the reception speaker in March; an invitation to go to the South Lawn to see Pope Benedict and President Bush; and the opportunity to go to the 2008 RNC Convention. The most important highlight was working with all of you to strengthen the partnership between the federal government and the counties

You have the opportunity to work within NCRCO to help elect John McCain. Let us resolve to work together to strengthen this caucus.
